

How to become a Friend of Cherry Tree Nursery?

Cherry Tree Nursery welcomes new Friends, who support the valuable work of the project in various ways:

1. Become a supporting Friend by taking out a standing order for however much you would like.
2. For people with busy lives, some Friends just help with our big events, such as Plant Sales, Christmas parties, etc.
3. More active Friends help more regularly with work that cannot always be done by volunteers. The most obvious thing is helping in the sales area, either by operating the till or helping stock up with good quality plants. Help is always needed, especially on Saturdays.

Other Friends supervise small groups doing horticultural tasks, or drive our minibus for outing or our van for plant deliveries, or do propagation.

Friends receive companionship and a sense of belonging to a community, two newsletters a year, an invitation to our Open Day and other events, and can join in as much as they wish.

To become a Friend, helping in the nursery, you need only complete a simple form and supply contact details of two references who can confirm you are honest, reliable and patient. For a standing order there is a different simple form to fill in.

Please do not hesitate to contact us for further information, and we look forward to perhaps welcoming you as a new Friend of our important project!
