

HUGE ACHIEVEMENT FOR NURSERY PROJECT

A Bournemouth mental health project could become the model for others across the UK following recognition by experts in the field.

Volunteers from Cherry Tree Nursery had fun collecting their Lilly Regeneration Award for Outstanding Achievement in Mental Health – Plus £5,000- at Claridge's Hotel in London.

The Northbourne nursery, which provides sheltered work opportunities for those with severe illness, was acclaimed for providing literacy, computer skills and advice on housing.

The citation said: "The judging panel were particularly impressed with the one-stop nature and the range of services available and the community involvement with the project."

The Daily Echo, Bournemouth – 18 November 2004
